(NOFO): FY 2016 Benjamin Franklin Transatlantic Fellows Summer Institute

Announcement Type: New Cooperative Agreement

Funding Opportunity Number: ECA-ECAPEC-16-014

Catalog of Federal Domestic Assistance Number: 19.415

Key Date/Application Deadline: December 28, 2015

Program Description/Executive Summary: The Office of Citizen Exchanges, Youth Programs Division, of the Bureau of Educational and Cultural Affairs (ECA) announces an open competition for one summer Benjamin Franklin Transatlantic Fellows Institute for youth. Public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3), including accredited, post-secondary U.S. educational institutions, may submit proposals to provide a three- to four-week U.S.-based institute in the summer of 2016. The Institute will engage 55 teenagers (ages 16-18) from Europe and the United States. U.S. Embassies throughout Europe will select the foreign participants, and the U.S. award recipient will select the American participants. The Institute will focus on transatlantic relations, leadership development, critical thinking, diplomacy, community activism, and the media as ways that young adults can unite around their common goals. Support for individual or small group follow-on projects in the home communities of the exchange alumni will complete the program. It is the Bureau's intent to award one cooperative agreement for one base year plus two non-competitive continuations for an estimated total of \$750,000. Please see section B) Federal Award Information below for additional details.

Applicants may submit only one proposal under this competition. If multiple proposals are received from the same applicant, all submissions will be declared ineligible and receive no further consideration in the review process. Please see section C. Eligibility Information for more information on technical eligibility.

A. Program Description:

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries...; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations...and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation.

Purpose: The Benjamin Franklin Transatlantic Fellows Summer Institute began in 2006 to honor the 300th anniversary of the birth of Benjamin Franklin, the legendary American statesman and diplomat, whose career, interests, and studies took him across the Atlantic Ocean, bringing about greater understanding between Americans and Europeans. His life offers inspiration to young citizens of today. As a diplomat and a printer, he used the power of diplomacy and the media to

increase the exchange of information between Americans and the people of other countries. The Institute guides participants to examine what we need to know about each other to communicate better and to face the many challenges of the 21st Century together. The Institute also explores how young people interact with media, both as consumers and producers of information, and how freedom of expression provides rights to citizens and imposes responsibilities.

The Benjamin Franklin Transatlantic Fellows Summer Institute aims to foster relationships among the younger generation of Europeans and Americans to build strong linkages and an awareness of shared values and to enable youth to face together the global challenges of the 21st Century. Through the Institute, this group of diverse and intellectually curious students will participate in an intensive, three- to four-week exchange program in the United States. Participants will engage in a variety of activities such as training sessions, workshops, community and/or school-based programs, and cultural events. Participants will explore these concepts through the framework of the Benjamin Franklin legacy and will work together on joint projects that present and promote the Institute's stated goals and objectives.

The goals of the Institute are to:

- 1) Develop a sense of civic responsibility and a commitment to cooperation among youth;
- 2) Foster relationships among youth from different ethnic, religious, and national groups;
- 3) Promote mutual understanding between the people of the United States and other countries; and
- 4) Develop a cadre of young leaders who will share their knowledge and skills with their peers through positive action.

With the specific focus of the Institute, the following outcomes will indicate a successful project:

- 1) Participants from abroad will demonstrate an improved understanding of the United States and its people, and the American students will better understand the interests of the people of Europe.
- 2) Participants will work together to identify and overcome misunderstanding or lack of understanding among nations both during the institute and after they return to their homes.
- 3) Participants will develop critical thinking skills that empower them to be literate consumers and creators of media.
- 4) Participants will demonstrate a better understanding of international relations and issues.
- 5) Participants will gain an understanding of the roles of the media and public perceptions in diplomacy and global issues.

Participants:

The Benjamin Franklin Transatlantic Fellows Summer Institute will be designed for up to 55 students ages 16-18 from Europe, the European countries of Eurasia, and the United States. Participants should demonstrate a strong interest in learning more about the global issues and diplomatic relationships, the role of a free press and free expression such as advocacy and debate in a democracy, and/or an interest in public or community service. One student will come from each participating country, except for the United States, which will have ten representatives in

the Institute. U.S. Embassies that wish to participate will screen and select the overseas candidates and nominate them for participation. Officers at the State Department in Washington will select the Fellows. The award recipient will be responsible for recruiting and selecting the American participants from across the United States. All students will be able to participate fully in English.

U.S. Embassies will arrange and pay for the Europeans' international travel to and from the United States. The recipient organization will arrange for adult flight escorts for select transatlantic flights (e.g., Frankfurt to the Institute site), and adult staff should be available to support the participants during the course of the Institute.

Program:

The Institute will take place on a U.S. university or college campus, or at a similar venue. The venue may be connected with a European or American Studies center. For a portion of the Institute, the Fellows will be housed together at a dormitory on campus in order to facilitate greater cooperation on the project and training. For at least ten days of the Institute, all Fellows will have homestays with local families.

The Institute may take place in one or two communities and should offer the participants exposure to the diversity of American life. A study trip to Washington, DC must be included either during the Institute or at the end. The State Department will organize one half-day of activities and the award recipient will arrange other activities in Washington that offer insight into leadership, diplomacy, and the media. A side trip to Philadelphia to visit key sites connected to Benjamin Franklin's legacy is recommended.

The Institute will focus primarily on the exploration of global issues through interactive activities, practical experiences, and other hands-on opportunities, through which the participants will learn more about democratic practices, volunteer service, conflict resolution, problem solving, communication skills, critical thinking, tolerance and respect for diversity, youth leadership, team building, and the media. The Institute will provide the participants with a new perspective on their learning, networking, perceptions of each other, the communities they live in, and the broader culture. In addition to the American Fellows, program activities should engage American teenagers wherever possible. Cultural and recreational activities will balance the schedule.

In addition to implementing service projects in their home communities, the participants will present what they have learned during the Institute, as well as an alumni project plan, to a youth-serving or youth-centered organization in their home country after they return home. Examples of these organizations include U.S. Embassy Youth Councils <http://www.state.gov/r/ppr/gyi/releases/press/2013/208953.htm> American Corners or American Spaces (please see the American Corners Poland site for a sample of activities available at American Spaces <http://amcorners.pl>, and exchange alumni activities <https://alumni.state.gov/alumni-news> The successful applicant will present a plan for connecting participants with the youth-serving or youth-centered resources available in their home countries.

The award recipient should arrange for highly qualified mentors for the Fellows during the course of the Institute and for follow-on activities; the mentors may also serve as trainers or instructors, as appropriate.

In a cooperative agreement, ECA/PE/C/PY/T is substantially involved in program activities above and beyond routine monitoring. These activities and the roles and responsibilities of the Department and your organization are outlined in the attached POGI.

Proposal narratives should include a brief commitment to implement the program for the base year, plus two additional Non-Competitive Continuations (NCC), pending successful performance and the availability of funds. The narrative should focus on details specific to the implementation of the base year program, with the understanding that the program design, duration and participant numbers would be similar when/if the subsequent two NCCs are exercised. ECA will perform an annual performance evaluation/review to determine if a non-competitive continuation will be exercised. Satisfactory performance and the availability of funds is a condition of continued administration of the program and execution of all non-competitive continuations.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all costs which are claimed as your contribution, as well as costs to be paid by the Federal government. Please take into consideration the following information when preparing your proposal narrative:

D.3h. Adherence To All Regulations Governing The J Visa

The Office of Citizen Exchanges of the Bureau of Educational and Cultural Affairs is the official program sponsor of the exchange program covered by this NOFO, and an employee of the Bureau will be the "Responsible Officer" for the program under the terms of 22 CFR 62, which covers the administration of the Exchange Visitor Program (J visa program). Under the terms of 22 CFR 62, organizations receiving awards (either a grant or cooperative agreement) under this NOFO will be third parties "cooperating with or assisting the sponsor in the conduct of the sponsor's program." The actions of recipient organizations shall be "imputed to the sponsor in evaluating the sponsor's compliance with" 22 CFR 62. Therefore, the Bureau expects that any organization receiving an award under this competition will render all assistance necessary to enable the Bureau to fully comply with 22 CFR 62 et seq.

The Bureau of Educational and Cultural Affairs places critically important emphases on the secure and proper administration of Exchange Visitor (J visa) Programs and adherence by recipient organizations and program participants to all regulations governing the J visa program status. Therefore, proposals should explicitly state in writing that the applicant is prepared to assist the Bureau in meeting all requirements governing the administration of Exchange Visitor Programs as set forth in 22 CFR 62. If your organization has experience as a designated Exchange Visitor Program Sponsor, the applicant should discuss their record of compliance with 22 CFR 62 et. seq., including the oversight of their Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements.

The Office of Citizen Exchanges of ECA will be responsible for issuing DS-2019 forms to participants in this program.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at <http://j1visa.state.gov> or from:

Office of Designation, Private Sector Programs Division
U.S. Department of State
SA-44, Suite 668
301 4th Street, SW
Washington, DC 20547

D.3i. Diversity, Freedom and Democracy Guidelines

Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of political, social and cultural life in the United States and abroad. "Diversity" should be interpreted in the broadest sense and encompass differences including race, color, national origin, sex, age, religion, geographic location, socio-economic status, disability, sexual orientation or gender identity. Proposals should demonstrate how diversity will enhance the program's goals and objectives and

the participants' exchange experience. Please refer to the review criteria under the 'Support of Diversity' section of this document as well as the DIVERSITY, FREEDOM AND DEMOCRACY section in the "Proposal Submission Instructions" document for specific suggestions on incorporating diversity into the total proposal.

Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106 - 113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

D.3j. Program Monitoring and Evaluation

Proposals must include a plan to monitor and evaluate the project's success, both as the activities unfold and at the end of the program. The Bureau recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. The Bureau expects that the recipient organization will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your project's objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this NOFO.

Your monitoring and evaluation plan should clearly distinguish between program outputs and outcomes. Outputs are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted. Outcomes, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the NOFO (listed here in increasing order of importance):

- 1) Participant satisfaction with the program and exchange experience.
- 2) Participant learning, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
- 3) Participant behavior, concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
- 4) Institutional changes, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it:

- 1) Specifies intended outcomes
- 2) Gives clear descriptions of how each outcome will be measured
- 3) Identifies when particular outcomes will be measured
- 4) Provides a clear description of the data collection strategies for each outcome (i.e., surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Recipient organizations will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

D.3k. Virtual Exchange Component: ECA welcomes innovative ideas on how organizations can leverage appropriate mobile and/or online technologies to maintain engagement among exchange participants, encourage project collaboration and widen participation in the overall project to a broader audience. ECA strongly encourages organizations submitting proposals in response to this solicitation to suggest one or more virtual exchange components to complement the in-person exchange. The virtual exchange component(s) could come before, during and/or after the physical exchange. The objective for the virtual exchange component(s), defined as technology-enabled, sustainable, people-to-people, cross-cultural exchanges, is to augment the impact of the in-person exchange described in this solicitation. ECA encourages organizations to propose virtual exchange ideas that take advantage of ECA's existing web and social networking platforms, including our International Exchange Alumni space. Virtual exchange components

would be coordinated with and approved by the ECA program office and U.S. missions abroad on a project by project basis.

D.3l. Communications Guidance for ECA Grant Recipients: All ECA Grant Recipients must adhere to the requirements in [ECA's Communications Guidance](#) on the creation of program branding and attribution, websites, social media, and press.

D.3m. Please take the following information into consideration when preparing your budget:

D.3n. Applicants must submit SF-424A – “Budget Information – Non-Construction Programs” along with a comprehensive budget for the entire program. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification.

For competitions that will be renewed through a Non-Competitive Continuation applicants must submit:

- the SF-424A which must include the budget request amount for the base-year of the program;
- a detailed proposal narrative and budget for the base year of funding (Please refer to the Proposal Submission Instruction Document (PSI) for general budget guidance.). The narrative should also include a brief commitment to implement the program for the base year, plus two additional non-competitive continuation years, pending successful program performance and availability of funds; and
- an abbreviated/estimated summary budget presenting the total projected administrative and program costs for the anticipated total duration of programming (base year, plus two non-competitive continuation years).

To exercise the Non-Competitive Continuation mechanism the recipient will be required to submit:

- 1) Timely quarterly performance and financial reports;
- 2) A request in writing to ECA at least 90 days in advance of the expiration of the current program year;
- 3) A summary budget that projects program expenses through the end of the current year;
- 4) A detailed budget outlining both administrative and program expenses for the requested non-competitive continuation year; and
- 5) A brief narrative to support the continuation of the award.

The ECA Grants Officer and Program Officer will:

- 1) Closely monitor the recipient's performance through site visits, desk audits, mandatory quarterly performance and financial reports, consultations, and other forms of communication and dialogue before exercising additional non-competitive continuations. (Additional details regarding monitoring and oversight of the program by ECA representatives will be provided at the time the base-year award is made.)

- 2) Review and evaluate all mandatory quarterly program and financial reports:
 - All program and financial reporting requirements must be current and up-to-date before the Bureau will exercise additional non-competitive continuations.
 - Any/all concerns, issues, or modifications requested by the Grants Officer or Program Officer to the original program design or method of implementation must be responded to in writing.
 - The ECA Grants Officer and Program Officer will review and advise of ECA's approval or disapproval of the response before issuing subsequent non-competitive continuations.
- 3) Prior Grants Officer approval is required to carry forward an unobligated balance from a prior funding period to the subsequent funding period. If the Grants Officer determines that some or all of the unobligated funds are not necessary to perform the program activity, the Grants Officer may decline the Recipient's request to carry forward the unobligated balance.

The Grants Officer may, at their discretion, use the unobligated balance to reduce or offset future funding for a subsequent funding period. An unobligated balance at the end of a funding period is not sufficient justification to carry forward funds. A final determination and approval to carry forward any funds will be communicated via a cost amendment with adjustment, if any, to new obligation amounts.

- i. The request to carry forward an unobligated balance must include:
 - a) A brief narrative why funds remain unobligated and how the unobligated funds will be used to complete the previously approved goals and objectives of the program; and,
 - b) A detailed budget that reflects the amount of unobligated funds to date, and anticipated expenditures in the subsequent period of performance for all cost categories under the authorized budget.

D.3o. Allowable costs for the program include the following:

- 1) Staff travel
- 2) Participant travel (domestic, ground transportation, passport and visa fees)
- 3) Orientations
- 4) Cultural and social activities
- 5) Meeting costs
- 6) Lodging, when not in home stay
- 7) Food (primarily group meals)
- 8) Follow-on activity support
- 9) Evaluation
- 10) Pocket money for participants' incidental expenses
- 11) Other justifiable expenses directly related to supporting program activities

It should be clearly and accurately written, substantive, and with sufficient detail. Proposals should exhibit originality, substance, precision, and relevance to the Bureau's mission. Proposals should also provide a plan for continued follow-on activity (without Bureau support) ensuring that Bureau supported programs are not isolated events.
- 2) **Program Planning:** A detailed agenda and relevant work plan should demonstrate substantive undertakings and logistical capacity. The agenda and plan should adhere to the program overview and guidelines described above and in the POGI. The substance of workshops, seminars, presentations, school-based activities, and/or site visits should be described in detail. Objectives should be reasonable, feasible, and flexible. The proposal should clearly demonstrate how the organization will meet the program's objectives and plan.

- 3) **Support of Diversity:** Proposals should show substantive support of the Bureau's policy on diversity. Proposals should demonstrate how diversity will be achieved in the different aspects of program administration and of program design, content and implementation, including individual participant recruitment and selection. It is important that proposals have a clearly articulated diversity plan and not simply express general support for the concept of diversity.
- 4) **Institutional Capacity and Track Record:** Proposed personnel and institutional resources in both the United States and in the partner countries should be adequate and appropriate to achieve the program goals. Proposals should demonstrate an institutional record of successful exchange programs, including responsible fiscal management and full compliance with all reporting requirements for past Bureau awards (grants or cooperative agreements) as determined by Bureau Grants Staff. The Bureau will consider the past performance of prior recipients and the demonstrated potential of new applicants.
- 5) **Project Evaluation:** Proposals should include a plan to evaluate the program's success in meeting its goals, both as the activities unfold and after they have been completed. The proposal should include a draft survey questionnaire or other technique, plus a description of a methodology to link outcomes to original project objectives.
- 6) **Cost-effectiveness and Cost-sharing:** Applicants should demonstrate efficient use of Bureau funds. The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate. Proposals should maximize cost-sharing through other private sector support as well as institutional direct funding contributions, which demonstrates institutional and community commitment.
